- Armed Forces of our Nation including the CAPFs and the police forces are our pride. Our soldiers dedicate their lives to ensure the safety and security of our country. Their selfless commitment often takes them away from their families and loved ones for extended periods. Sometimes this along with frequent transfers leads to compromise in their child's education and therefore, TIUT authority extend their helping hand so that their children receive quality education and have a bright future. In addition, some soldiers make supreme sacrifice for the Nation and thus there is a need to support their families as our social responsibility.
- Accordingly, the TIUT authority has decided to **fully waive the Admission Fees** in order to honour the sacrifices of our soldiers and also serve as a means of support for their families. Further, it is also decided that a **total number five seats (5) per program / branch** will be earmarked for the above-mentioned category of students. Therefore, the said students can apply under Armed Forces and Police Category with documentary proof and authentication for availing the allocated seats of this category as per merit and depending on the availability of seats. This scheme will be effective from this academic session- 2024-25 with a target to help this category of students of our country and also enables us to perform our social responsibilities with this initiative.
